

PROFADE

Instructions - Read before applying the treatment:

Use this product 2 times a day

The Profade treatment works in 3 simple steps:

Step 1: Moisten the area with warm water on which to apply the treatment, there after apply step 1 by a slight massage of the area. Rinse and dry the skin.

Step 2: Apply an even layer over the treatment area. Allow to dry for 10 minutes. Do not use on irritated skin.

Step 3: Cover the same treatment area with a new layer. Again, let it dry and you can continue with what you were doing.

The Profade program has been tested with great success in a multitude of people. In case you see any kind of skin irritation, discontinue the use and this will disappear. This product is not harmful or damaging to the skin in most cases. In extremely rare cases it can cause discoloration of the skin.

Profade should not be used on lips, eyes, and on children. Do not use in combination with other methods or treatments.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

FREQUENTLY ASKED QUESTIONS

Q. Can I take a bath with Profade?

A. Yes, but you should know that Profade is not waterproof. Re-apply after bathing.

Q. Can I use Profade before or after laser treatment?

A. Yes, if the skin is healed and in perfect condition. Do not use in case there are injuries or irritations.

Q. Can I tan during my Profade treatment?

A. Yes, you may expose your Profade treated areas to the sun. If you develop a minor irritation, apply sunscreen.
